For other types of applications or use at higher concentration levels, a new evaluation may be needed. Please contact Arylessence.

The IFRA Standards regarding use restrictions are based on safety assessments by the Panel of Experts of the Research Institute for Fragrance Materials (RIFM) and are enforced by the IFRA Scientific Committee. If you have concerns regarding the formation of nitrosamines, please contact Arylessence to determine if this fragrance contains precursors.

Evaluation of individual fragrance ingredients is made according to the safety standards contained in the relevant section of the IFRA Code of Practice.

It is the ultimate responsibility of our customer to ensure the safety of the final product (containing the fragrance) by further testing if needed.
